

**Lockers** PRODUCTS, INC.  
CUSTOM LOCKERS

## OVER 30 YEARS AS AN INDUSTRY LEADER

### EXECUTIVE LOCKERS AND BENCHES

Ideal Products, Inc., has set the standard for quality, function and design of manufactured wood lockers. The pride of the industry, each locker is handcrafted by experts using modern designs evolved over thirty years of research and development. Ideal's techno-advanced factory is equipped with the latest in automatic, computer-controlled machinery to insure precise fabrication of all components and assembly with the utmost integrity.

Product innovation and creative design has established Ideal lockers as the true market leader. Today the Executive Style, or more commonly known "Z-locker" we introduced many years ago, is the single best-selling design available.

Our manufacturing facilities are located in the distribution center of Southern California, at the intersection of six major interstate freeways and minutes from the ports of Los Angeles and Long Beach, extending our capabilities to conveniently service our international customers.

### CUSTOM AND STANDARD DESIGN CAPABILITIES

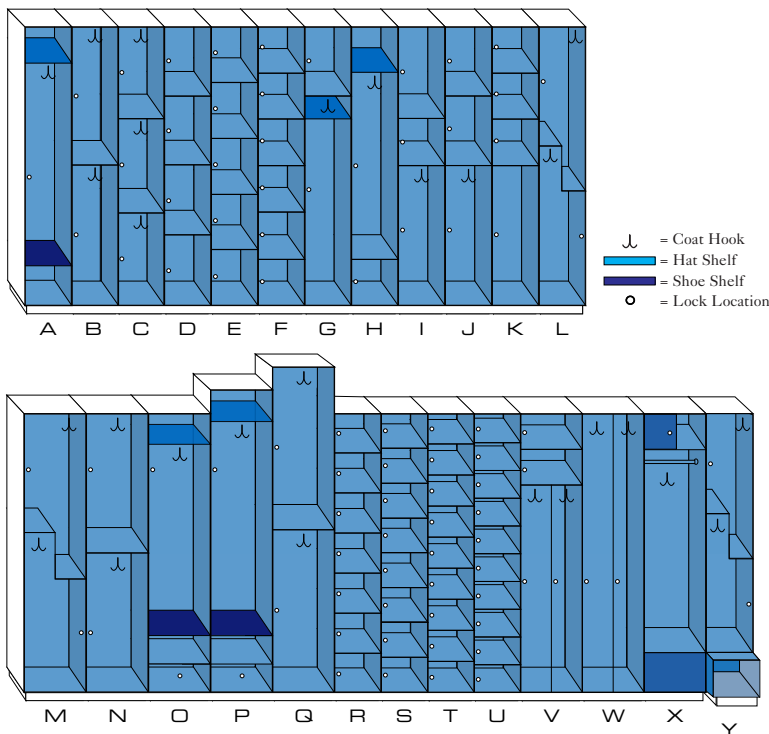

Ideal's extensive manufacturing process, geared for expeditious mass-producing of lockers, is flexible for easy accommodation of custom and unique designs. Customers may select one of our many standard configurations or, with our assistance, design their own to meet special needs. Our designers will assist customers by analyzing specific criteria and create locker designs to meet individual requirements. Dimensions can be altered and/or add a hat, shoe, or golf ball shelves, vanity mirror, security vault, pull drawers, extra doors, coat rod, handles, coin trays, etc.

### IDEAL'S SERVICE DEMONSTRATES ATTENTION TO DETAIL

When analyzing our customer's locker requirements, Ideal will need to know the physical space available for lockers (both square and linear footage) to determine locker frame sizing; estimated maximum number of persons to use lockers during peak hours; and anticipated type of personal belongings to be

## ORDERING INFORMATION

Examples: Ideal 1000 Series, Model B, 12" x 18" x 72", PL, RP, EH, VT  
or: (1) (2) (3) (4) (5) (6) (7)

Examples: Ideal 2000 Series, Model F, 12" x 12" x 72", PL, DC, CH, SE

- (1) Specify Ideal 1000 or 2000 Series for Fire-Retardant Plastic Laminate Wood Lockers. 1000 Series includes (VT) Vinyl T-molding and (EH) Exposed Knuckle Hinges. 2000 Series includes (SE) Self-Edging or (PVC) 1mm Poly Vinyl Chloride Edging and (CH) Concealed Hinges.
- (2) Select the style and size locker compartment such as Model B, our standard double tier or Model F, our purse size lockers.

- (3) Confirm the frame dimensions: Width x Depth x Height.
- (4) Select plastic laminate as your exterior surface and choose any color or combination of colors.
- (5) Specify Locks: (RP) Recessed Padlock Hasp; (PC) Pushbutton Combination; (DC) Dial Combination; (CL) Card Lock; (CO) Coin-Operated; (CC) Coin-Collect; (KL) Keyed; (TL) Token; (DKP) Digilock KP; (DKT) Digilock KT; or (DTL) Digilock TL.
- (6) Specify Hinges: (CH) Concealed Hinge; or (EH) Exposed Knuckle.
- (7) Specify Edging: (VT) Polyethylene Vinyl T-molding; (SE) Self-Edging; (PVC) 1mm Poly Vinyl Chloride; (WT) Wood Tape; or (WM) 1/4" Wood Molding.

stored in lockers—overcoats, suits, gym bags, wallets, purses—to assist our designers in determining required locker configurations.

Ideal's customers can consider their special requirements for locker accessories—lock requirements such as I.D. card operation or coin-collect rental lockers, security vaults, ski boot and pole storage, racket accommodation. When this information is compiled Ideal Products will determine your locker requirements, prepare shop drawings and present an itemized written quotation.

## USES, APPLICATIONS

Ideal Products' lockers, with their furniture-like quality and appearance, can be used where ever a need for personal security exists. Ideal lockers are found in Doctor's lounges, nurse's stations, colleges and universities, park and recreation facilities, health and fitness clubs, country clubs, sport stadiums, medical offices, and any number of work place related settings. See page 13 for a list of references.

# PLASTIC LAMINATE LOCKERS

## Ideal's Plastic Laminates for Durability and Variety

Ideal laminated doors, modern and economical, select one or several colors, textures, patterns, metallic or wood-grain plastic laminates as manufactured by Formica®, Wilsonart®, Nevamar®, Laminart®, Pionite® and Micarta®. Specify colors and alternate your selections by the frame for vertical stripes or by the door for a checkerboard-type appearance. Our laminated door construction has been tested and awarded UL Class B(II) fire rating.

Ideal 1000 Series — "L" lockers showing their versatility with white vinyl interiors.

# LOCKER ROOM AMENITIES

## BENCHES

B

C

A

ADA Compliant

Quality crafted benches and stools are manufactured with the same care and attention as Ideal's lockers, each designed to complement the locker style of your choice. A variety of styles are standard in wood and laminate with carpet inserts as an added option on some styles. Available widths are 12" or 16" with lengths of 24", 36", 48", 60", 72", 84", or 96". Average heights of all of our benches is 17". Custom sizes or designs are also available.

**A ONTARIO BENCH** Sturdy and modern in appearance, all plastic laminate finished design to match lockers. Available in all standard sizes and ADA handicapped accessible.

**B VENTWOOD BENCH** Durable, yet aesthetically appealing; manufactured with clear vertical grain douglas fir slats, oak doweling, clear satin finish, and black powder coated legs. Legs are not sold separately.

**C WATERFALL BENCH** Edging is completed with 1" x 3" butcherboard in either red oak or maple. Inlay is fire retardant, water resistant, scratch resistant, and high pressure post forming plastic laminate. Standard clear satin finish and custom stains are available.

**D FAIRBANKS BENCH** Attractive and modern in appearance, our Fairbanks bench comes with legs of 4" wide red oak veneer edged with red oak butcherblock. Seat is completed with coordinated carpet. Finished with three coats of clear lacquer for added durability. Carpeting not included.

## STOOLS

Ideal offers the widest selection of matching stools available today. Like our benches, they are designed to complement your locker finish while enduring cruel and unusual punishment. Stools are available in 12" or 14" diameters and are 16" high in either plastic laminate or natural wood with black powder coated legs.

## LEGS

Black powder coated Tri-legs, T-legs, and Permanent Pedestal bases with lasting durability and beauty.

D

E

F

G

H

I

**E ECONO BENCH** Ideal's most popular bench style is available with plastic laminate tops and poly vinyl edging to match our lockers. Black powder-coated legs are either movable tri-legs or permanent pedestals.

**F COUNTRY CLUB BENCH** Mitered 4" plastic laminate legs with a carpet wrapped seat to match our laminate lockers. Construction of 1/2" solid maple with radius corners is used for interior structure. Standard clear satin finish. Legs are finished with matching plastic laminate. Carpeting not included.

**G BUTCHERBLOCK BENCH** Made of either red oak or maple butcherblock. 11/4" thickness available with stained and clear satin finish. The Butcherblock bench can be ordered with T-legs (shown) or 11/4" thick butcherblock legs.

**H BUTCHERBLOCK WITH INLAY BENCH** A beautiful bench to match plastic laminate lockers and add the luxury of natural wood. The laminate is inlayed with 3/4" natural red oak or maple butcherblock uprights. Standard clear satin finish and custom stains.

**I LOS ANGELES BENCH** Butcherblock legs with a carpet wrapped seat enhances that designer look. Legs are made of 11/4" thick solid butcherblock either in red oak or maple. Standard clear satin finish and custom stains are available. Carpeting not included.

J

K

## GROOMING STATIONS

**J ECONO GROOMING STATION** Designed to match lockers and finish off the ending of a double row of lockers. Includes a 24" mirror, strip lighting, 110V electrical outlet and a 12" shelf.

**K DELUXE GROOMING STATION** An excellent way to finish off a double row of lockers and add luxury to the room. Our Deluxe Grooming Station matches the lockers and includes a 24" mirror, strip lighting, 110V electrical outlet, two drawers, along with storage space.

**Q** Heavy Duty Exposed Five Knuckle Hinge

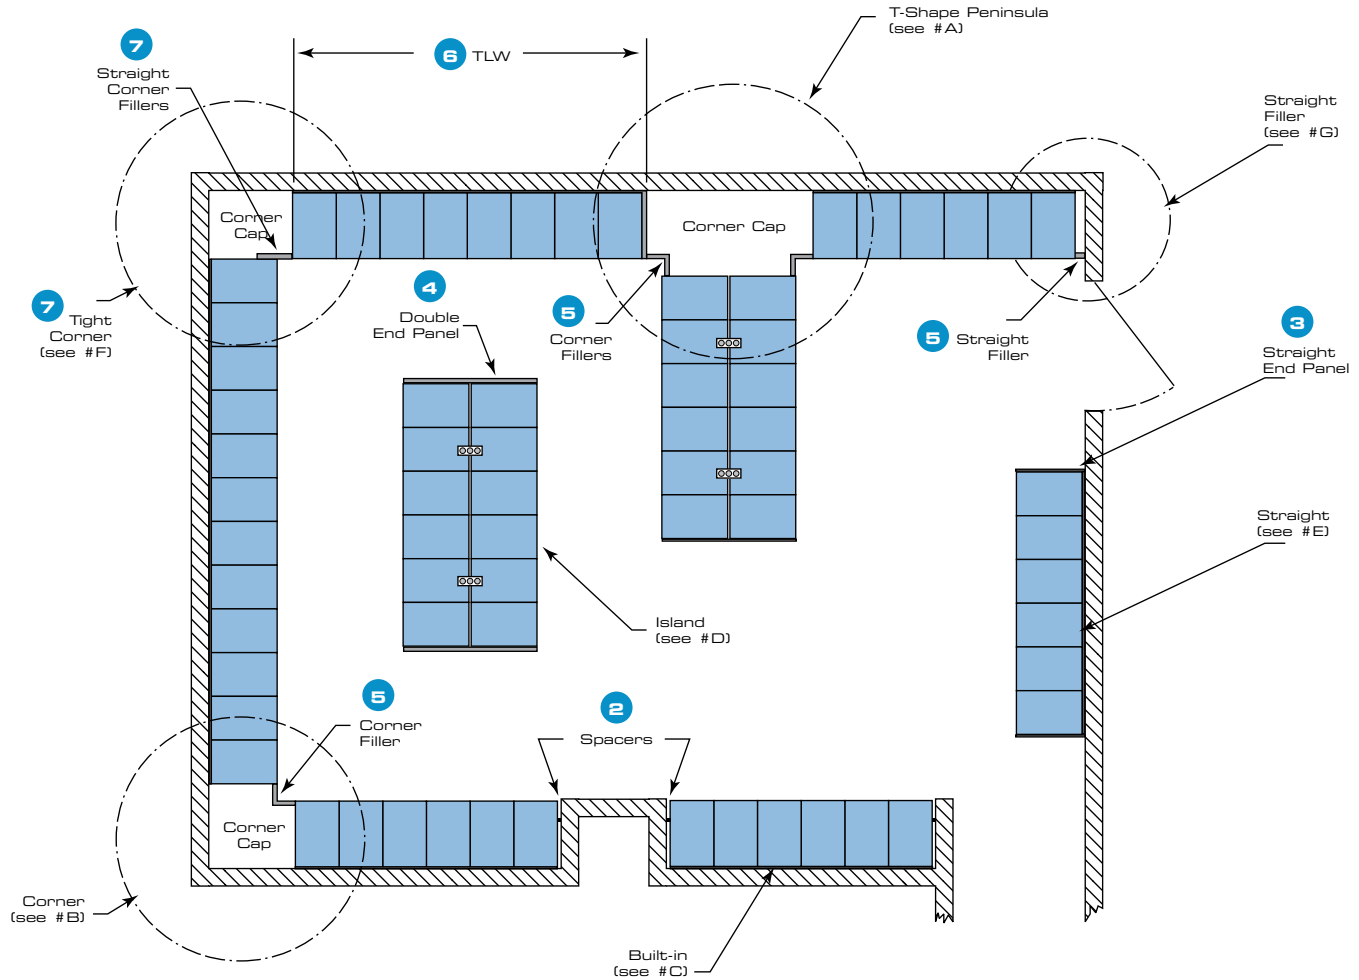

**R** Nickel Plated Euroconcealed Hinge

# LOCKER ROOM DIAGRAMS

## GENERAL NOTES

- Locker to be standard as manufactured by Ideal Lockers.
- $\frac{5}{8}$ " spacers edged with matching edging to allow for hand clearance.
- Single end panels  $18\frac{5}{8}$ " wide to cover rear ventilation.
- Double end panels  $36\frac{5}{8}$ " wide to allow for air space.
- Fillers are required.
- TLW (total locker width) = Total number of lockers x locker width.  
12" lockers are 12.0625" wide; 16" lockers are 16.0625" wide.
- Consult factory for requirements.

# HANDICAPPED OPTIONS

Local building officials will eventually require your clubs to comply with The Americans with Disabilities Act of 1990 which requires the following: At least one of each type locker offered, and for double-tier lockers only the bottom row, be provided for handicapped people. A clear floor space of 30"x48" minimum will allow for either forward or parallel approach by a person using a wheelchair. Storage spaces such as shelves, hooks, coat rods, etc., shall be located at a height of 9" minimum and 48" maximum from the finished floor. Acceptable hardware for accessible lockers are touch latches and U-shaped pulls located as close to the top of the door as possible.
